

I & C Sales North is a manufacturer's representative and stocking distributor of industrial and test instrumentation. Customer service is a core principle of our business. As a consultant, our focus is to provide application support to ensure we match the proper solution to your current process conditions.

Phone: (734) 283 - 6599

VIBRATION

METRIX INSTRUMENTS

- Vibration sensors, transmitters, switches, accelerometers, high temperature, submersible, digital proximity systems (DPS), portable shaker tables, verification tools and controllers

PRESSURE & LEVEL

KELLER PRESSURE

- Submersible level and threaded pressure transducers
- UL/ I.S. and general purpose transducers

ITT NEO-DYN

- Industrial pressure switches, sanitary, hazardous area, threaded and OEM styles

L & J HOLDING COMPANY, INC

- L & J Engineering - Radar level, servo level and automatic tank gauging
- Shand & Jurs - Conservation vents, flame/detonation arresters, valves
- Delavan - Solid & liquid point level

JOGLER

- Magnetic level gauges and magnetostrictive level transmitters for continuous and point level monitoring on vessels.
- Sight flow and level indicators

PROCESS OBSERVATION EQUIPMENT

LJ STAR, INC.

- MetaGlas sight windows, sanitary relief valves and clamps
- Vessel Cameras and LED EX lighting
- Visual flow indicators and sight glass

FLOW

FLUID COMPONENTS INT'L (FCI)

- Thermal mass flowmeters
- Insertion and in-line flowmeters
- Multi-point thermal mass flowmeters
- Liquid and gas flow/level/temperature switches
- VORTAB flow conditioners

BADGER METER

- Impeller, ModMAG, ultrasonic transit time & doppler flow, nutating disc, differential pressure, open channel, oval gear, turbine, variable area, vortex, oscillating piston

ALICAT SCIENTIFIC

- Mass flow controllers, CODA Coriolis mass flowmeters, control valve liquid & gas flowmeters, pressure transducers, pressure controllers

GAS DETECTION

TELEDYNE GAS & FLAME DETECTION

- Fixed gas monitors, controllers, sample draw systems and accessories for ambient gas monitoring
- Portable Gas Detection, Open Path Monitoring and Flame Detection
- Combustible, LEL, oxygen and toxic gases
- Brands include: Detcon, Oldham, Simtronics & GMI

IDEAL CALIBRATIONS

- Service and support of a variety of portable gas detectors and N.I.S.T. calibration gas

ASSISTED REALITY

AMA XpertEye

- Smart glasses and software for remote assistance and communications

TEMPERATURE

AMETEK LAND, Inc.

- Portable and fixed infrared spot pyrometers, thermal imagers, and black body calibration sources
- Combustion-efficiency monitors, opacity and dust monitors, carbon monoxide detectors

EMITTED ENERGY INFRARED

- Fixed FLIR thermal imagers, TMPS - Thermal Process Monitoring System
- Portable FLIR imagers for temperature, leak detection and vibration

INTRINSICALLY SAFE

EXPO TECHNOLOGIES

- Purge and pressurization systems X, Y & Z
- Custom made-to-order purge enclosures
- Packaged solutions including EX printers and room pressurization systems

MTL INSTRUMENTS

- Intrinsically safe isolators, Zener diode barriers, surge protection, HART and foundation fieldbus multiplexers, HMIs, industrial ethernet network solutions. GECMA HMI solutions

PR ELECTRONICS

- Signal conditioning, isolation, I.S. interfaces, multifunctional devices, temperature, panel display, and communication module

IRISS

- Industrial-grade electrical inspection solutions
- Polymer IR window for switchgear and cabinet protection
- Ultrasonic sensors, over-temperature solutions, and asset management software
